OF ANALYTES IN AQUEOUS SAMPLES :

This is a decision in response to the petition under 37 CFR 1.137(b), filed on August 8, 2003, to revive the above-identified application.

This Petition is hereby granted.

The above-identified application became abandoned for failure to reply in a timely manner to the Notice to File Corrected Application Papers (hereinafter "Notice") mailed May 2, 2001. The Notice required substitute drawings in compliance with 37 CFR 1.84. The Notice set a period for reply of two (2) months from the mail date of the Notice, and also provided for extensions of time under 37 CFR 1.136(a).

In response to the Notice, Petitioner files the instant petition, substitute drawings and terminal disclaimer.

Because the application was filed after June 8, 1995, no terminal disclaimer is required. Accordingly, the terminal disclaimer fee will be refunded to petitioner's deposit account.

The application is being returned to the Office of Initial Patent Examination for further processing.

Telephone inquiries concerning this matter should be directed to the undersigned at (703) 305-0014.
